

WORKSHOP: SHARING GOOD PRACTICE TO INSPIRE IMPACT

This workshop will explore the experiences of Service children in Wales, focusing on the unique challenges they may face, such as frequent relocations, family separations, the Armed Forces lifestyle and family influences. Through a series of stories shared by schools and Service children, participants will gain insight into the impact of these experiences and the ways in which support can make a difference. Attendees will be invited to reflect on what has inspired them, engage in activities that encourage sharing of their own experiences, and contribute to discussions on best practices for supporting Service children.
