

Service Premium Funding Expenditure 2022-23

Service Premium Provision may include the following:

- Providing support for pupils undergoing induction or significant transition (e.g. moving schools) to ensure progress is maintained
- Extra-curricular activities intended to promote confidence, wellbeing and success for military children or promoting an awareness of their life and experience for other pupils. This includes additional activities and support during deployment
- Pastoral support from our ELSA so pupils are ready to learn, particularly when there is turbulence such as deployment within the family, including understanding of the turbulence experienced when adults return
- Interventions and closing the gap teaching for children who have had turbulence within their education and have gaps in key concepts or skills, including pre-teaching of technical language and an understanding that children may be EAL
- Outcomes and provisions embedded from the Thriving Lives Tool Kit Evaluation (produced Autumn 2021)

Number of pupils and Service Pupil Premium Funding received	
Total number of pupils on roll	154
Number of service children	107
Total amount of SPP	£26,560

Activity and Resource	Expected Impact	Cost

Service Premium Funding Expenditure 2022-23

entered into a 'reading raffle' for a chance to read to the school.		
Use extra staffing to work with specific groups of children to provide targeted support & accelerate progress in phonics.	All children in intervention groups make accelerated progress (double ratio gain eg four months progress within two months.)	£1,707
ELSA	Pre and post assessments show progress in their emotional development.	£1,170
CPD for ELSA to develop knowledge and skills to best meet the needs of our children.	Children are given the appropriate support. ELSA reports back to SENCo half-termly on progress.	£498
Speech and language support groups in years R, 1, 2 and 3.	Improved speech and language as measured by the speech and language therapist assessments.	£1,332
Additional admin time in the school office to meet the needs of high turbulence and to maintain and manage our school website/social media.	Parents can easily access information about the school and its many activities, homework and other resources. All documents and applications quickly processed. Assessment information is passed onto their next school in a timely manner when children are posted. This ensures the receiving school have all the required information for a smooth transition.	£2,603
Time for DHT and service liaison LSA to evaluate the provision for service children using the Thriving Lives toolkit.	Service premium is targeted to specific areas of need and the impact is evaluated leading to better outcomes for the children.	£227
Service children entrant levels are accessed within three weeks of arrival and results are fed back to Senior Leadership Team.	Teachers are aware of gaps and interventions are planned to address them. Thus ensuring a smooth transition.	£984
Emotional support for new service pupils is provided by a buddy system for all joiners. If additional support is needed, ELSA sessions are put in place.	Children settle quickly and are ready to learn.	£260
PACE (Playfulness, acceptance, curiosity & empathy) training for all staff to enable them to support children who may have more emotional complex needs.	Children with more complex needs are able to access the curriculum and more able to focus on their learning. The training provides staff with the confidence to apply the PACE strategies.	£0
Working with external agencies to support families where attendance is low.	Attendance of children has improved and above the national expectation or progress is being made to reaching this target.	£1,292
Military club for service children who are in need of extra emotional support.	Children that are settled and happy in school.	£0
School transport for year R service children to and from school.	Attendance of year R service children is above the national expectation.	£586

Service Premium Funding Expenditure 2022-23

Small group maths in the afternoon immediate intervention re: learning in the morning. Focus on addressing gaps in understanding for children who are close to ARE – children who have been to several schools and have gaps.	At least 70% of children achieve ARE in maths.	£2,268
Math programme: Professor Assessor, which support basic number skills and fluency in mathematics. Pupils can access the programme at home (ICT based programme) on a range of ICT devices. Homework supports all children. Homework clubs offered to pupils during school day and extended hours.	% of children completing their homework increases. 70% of children achieve ARE in maths.	£57
Running events, which integrate our service families and develop community cohesion – Armed forces day, helicopter landing event, Santa visit on fire truck.	Further integrate our community and understand our different backgrounds. Celebration of our different service children	£820
